

HARLEQUIN CARNIVAL

Harlequin Carnival takes another stab at Nolimit City's trademarked xNudge mechanic, but now with an added twist to it - Walking xNudge Wilds!

With a walking xNudge® wild multiplier feature in both main game as well as the bonus game - Harlequin Spins - this game has put some immense festive spirit into its features.

Harlequin Carnival is available with a dual RTP setup at 96.14% and 94.29% (DX1).

Game Features

Harlequin Carnival is focused around its heart-pounding walking xNudge wild.

Harlequin xNudge® Wild

A 3-row high Harlequin Wild symbol exists on all reels and will always nudge to fully visible. Each nudge increases the Wild multiplier by 1. Several Wild multipliers add to each other for a total Wild multiplier on the line win for huge wins! Landing this symbol will trigger the Harlequin Respins!

Harlequin Respins

All Harlequin xNudge Wilds will walk to the left and award a respin on the other reels, up until it reaches the first reel. Landing additional xNudge Wilds will create a truly festive respin!

Scatters may be collected during the respins, to activate the Harlequin Bonus.

Harlequin Bonus

3 Bonus Symbols awards eight Harlequin Bonus spins, where you'll be guaranteed a Harlequin xNudge Wild on reel 5 with a x3 multiplier. The Wild multiplier will increase by 1 for each step to the left that the Wild makes.

Collect 3 more Bonus Wilds to activate another xNudge Wild on reel 5. Bonus Wilds also awards +1 spins.

Nolimit Bonus - Feature Buy functionality

A new promotion feature has been introduced - **Nolimit Bonus** - which allows the players to buy the Free Spins.

** The Nolimit Bonus feature may however be removed in some regulated markets.*
