Space Arcade

Space Arcade is a fast-paced 7 symbols, 3x3 slot with a retro 8-bit space theme which stems from the Arcade halls from the early 80's. The game has 9 betlines, a Winged Wild-mode which awards the player respins as well as a multiplier that can multiply your win with up to x6.

Any symbol win will award an incremental multiplier that resets on non-wins. If awarded a wild, the winged wild-mode begins. Winged Wild mode initiates a re-spin as long as the wild is visible on the reel. For each spin the Wild will move one step upwards and re-spin the other reels. The multipliers will not be reset during Winged Wild mode.

Features

Space Arcade is a base-game only 3x3 slot with two prominent features; the Winged Wild-mode and a multiplier that can be triggered to reach it's cap at x6.

Winged Wild Mode

The Winged Wild symbol will reward re-spins on the other reels as long as it is visible. It will pull its reel upwards one step for each re-spin, until it flies outside the reel area. The Winged Wild symbol will substitute for any other symbol.

While in Winged Wild mode the multiplier will not reset by non-winning spins.

Multiplier up to x6

Any win will trigger an increase of the multiplier. Consecutive wins will further increase the multiplier to a maximum of x6. Any non-winning spins, unless in Winged Wild mode, will reset the multiplier to x1.
